## PERSONAL PROFILE

Dynamic and results-driven Frontend Engineer with a Bachelor of Science in Architecture and extensive experience in developing high-quality web and mobile applications. Proficient in modern web and mobile technologies including React.js, Next.js, and Tailwind CSS, with a proven track record of enhancing user experiences and driving business growth. Adept at collaborating with cross-functional teams to deliver innovative solutions within tight deadlines. Seeking to leverage my skills and contribute to impactful projects in a challenging environment.

## Work Experience

Frontend Engineer

Tech Fire Hub, Lagos, Nigeria

August 2023 - Present

- Spearheaded the development of a customer portal, streamlining user interactions and reducing response time by 20%.
- Implemented a real-time collaboration feature in a team project, enhancing communication and efficiency among remote team members.
- Led the design and development of dynamic web layouts for health companies, resulting in a 20% increase in user engagement.
- Utilized React.js, Next.js, and Tailwind CSS to deliver top-notch projects within strict timelines.

## Junior Software Engineer

Tech Studio, Lagos, Nigeria

August 2023 - November 2023

- Collaborated with UX/UI designers to implement responsive design principles, resulting in a more user-friendly interface.
- Designed the UI for a customer care mobile application, significantly improving user satisfaction by 15% and reducing response times by 10%.
- Conducted code reviews and provided constructive feedback to enhance overall code quality and team productivity.

## Intern - Web Development

Innovatech Solutions, Lagos, Nigeria

June 2022 - August 2022

- Assisted in the development of a content management system (CMS) that reduced publishing time by 25% and improved team collaboration.
- Developed front-end components using HTML, CSS, and JavaScript, enhancing the user interface based on user feedback.
- Gained experience in database management and API integrations, contributing to a 15% increase in data retrieval efficiency.

## Intern - UI/UX Design

Creative Minds Agency, Lagos, Nigeria

January 2022 - May 2022

- Collaborated with design teams to create wireframes and prototypes for various client projects, improving design efficiency by 30%.
- Conducted user research and usability testing to gather feedback, leading to enhancements in user experience and interface design.
- Assisted in the development of marketing materials and presentations, showcasing design concepts to clients.
